Miller Mechanical Specialties announces exclusive representation for Endress+Hauser in the Upper-Midwest

Now the single-source provider of products, services and solutions for all industrial industries in the Upper-Midwest

July 17, 2015— Effective July 17, 2015, Miller Mechanical Specialties, Inc. (MMS) will expand its operations to become your single source provider for Endress+Hauser sales, services and solutions in all markets and industries across Minnesota, North and South Dakota, and parts of Wisconsin. This expansion will allow us to better serve our customers across the full geography with expanded capabilities and product offerings. Their team includes engineers based across the region and in offices in Des Moines and Minneapolis.

Miller Mechanical Specialties' vision is to become the trusted advisor for process measurement and control solution in the Upper-Midwest. The alliance between Endress+Hauser and Miller Mechanical Specialties brings together top-of-the-line instrumentation with superior application engineering and project management expertise to provide solutions to your toughest process measurement and control challenges.

This expansion will provide superior responsiveness and engineering capabilities to improve the customer experience. When complete, it will also provide a single contact for an unrivaled offering of products, services and solutions for our customers across all industries including oil and gas, chemical, food and beverage, water/wastewater, life sciences, power and energy, primaries and metals.

For more information, please visit www.us.endress.com/MMS.

###

Miller Mechanical Specialties is a manufacturers representative and a trusted advisor for measurement and control solutions. Founded in 1952, Miller Mechanical Specialties has since become a one-stop-shop for the highest quality instruments, valves, services and solutions. www.mmsinonline.com

Endress+Hauser is a global supplier of process instrumentation for the measurement of level, flow, pressure, temperature and liquid analysis. In addition to products, Endress+Hauser offers services and solutions tailored to meet customer specific requirements. www.us.endress.com
